YMCA NEW AMERICAN WELCOME CENTER

PROVIDING HOPE FOR YORK COUNTY'S IMMIGRANTS

**For many decades, the YMCA of York
has championed immigrant integration
into the York community.**

As one of the more recent YMCA New American Welcome Centers, the YMCA of York has enriched the services offered to our country's newest populations. We have been able to assist in the integration of newcomers while recognizing their great contributions to our society.

We have focused this year on providing direct and referral services related to the most basic human needs. The YMCA and fellow immigrant-serving agencies have created a newcomer continuum of care that is constantly adapting to the local needs.

The YMCA is committed to serve as a welcoming, safe place where all people are treated with dignity and respect and while their dreams of a new life are being fulfilled.

“When the seasons shift, even the subtle beginning, the scent of a promised change, I feel something stir inside me. Hopefulness? Gratitude? Openness? Whatever it is, it's welcome.”
